

Lilly Diuble

Secretary, Communications, and Co-Founder of DFV

It is because of Lilly that Diuble Family Vision exists.

Lilly was born with hearing and vision loss and has worn hearing aids and glasses since a young age. After years of testing and research, her doctors have diagnosed her with PRPS1, an incredibly rare genetic disorder, for which currently, there is little research, and no treatment, or cure. Being affected with hearing and vision loss has led Lilly to pursue her current passion as an advocate for others with disabilities.

She is a graduate from Central Michigan University where she earned a B.A. in Public and Non-profit Administration, minor in American Sign Language, certificate in Deaf and Hard of Hearing Studies, and has her credential as a Certified Nonprofit Professional (CNP).

Lilly serves as a Deaf/Hard of Hearing Guide (DHH) Guide, Board Member, and Accessibility Coordinator for Michigan Hands & Voices. She is a Logistics Director for MYLead Conferences, a consultant on the DeafBlind Central Advisory Council, and Social Media Chair for the Saline Lions Club. She is an active volunteer for the Foundation Fighting Blindness, Bethel Church, and the Saline Community Fair.

Lilly currently serves as the Secretary and works on Communications for Diuble Family Vision.

"Don't worry about failures, worry about the chances you miss when you don't even try."

– Jack Canfield
